CAP Text: The Civil Authorities have issued a Required Monthly Test for all of Nebraska beginning at 9:59 am and ending at 11:59 am (fromcap). This is a monthly test of the Emergency Alert System for broadcast stations and cable systems of Nebraska in cooperation with the FCC and other government authorities. Equipment is being tested that can quickly provide warnings during emergencies. If this had been an actual emergency, official information, news, or instructions would have followed the alert tone. This concludes this test of the Emergency Alert System.

Per FCC document 47 CFR sec. 11.61 - Tests of EAS procedures, this test meets the requirements to substitute for the required weekly test.
